Purpose

Catherine McAuley Catholic College is committed to ensuring students strive to achieve the Mercy value of excellence in all areas. This applies to personal appearance and the way in which students wear the required college uniform. It is expected that all students comply with policy guidelines and wear their uniform with pride at all times.

A uniform dress code reinforces in students a pride in their own appearance, instils a sense of belonging and recognition of themselves as an integral part of the College community, and assists in developing pride in representing their college. Issues of equality, health and safety, and expense are also factors that contribute to the establishment of a uniform dress code.

Policy Statement

Catherine McAuley is committed to ensuring school uniform requirements will:

- consult the College community if there are any future changes to the uniform.
- be consistent with health and safety considerations.
- comply with anti-discrimination legislation.
- promote equality, pride and a sense of belonging amongst all students.
- provide uniform options, including shorts and pants, in all uniform categories for all students, regardless of gender.
- provide a functional, fashionable and durable uniform that is cost effective and practical for the College environment.
- give meaning and expression to the College's mission statement, values and visual identity.
- give visual expression of the high standards of the College in gaining and maintaining community trust and respect.

It is an expectation that all students will wear the correct uniform and are supported by their parents/carers to do so.

Definitions

Changing school uniforms means the entire uniform being replaced. Where the uniform is to be completely changed then the consent of the appropriate Assistant Director of Schools is required.

Modifying school uniforms means an addition to or alteration of one part of the uniform.

School uniform requirements mean a written statement of school's expectations regarding student appearance that applies:

- during school hours
- while travelling to and from school
- when students are engaged in school activities out of school hours.

It clearly explains:

- defined standards for the general presentation of students, including headwear, footwear and other aspects of general presentation
- defined specifications for garment design and colour
- strategies for managing non-complying students.

Supply arrangements mean the commercial arrangements for the supply of school uniform items. In considering supply arrangements, the principal and uniform committee should consider the following:

- costs
- quality of items
- quality control of the supplier
- reliability, continuity and lead time of supply
- ability of manufacturers/suppliers to meet required delivery deadlines
- selecting Australian made items or using local businesses
- selecting manufacturers/suppliers that can provide evidence that they meet ethical manufacturing standards
- sustainable production of items
- how and where parents or carers can purchase items
- cleaning requirements and costs
- returns policy for faulty stock
- re-use or recycling of items.

Scope

This policy applies to all students, with an expectation of full support from all staff and parents.

Guiding Principles

- The Catholic Schools Office of Maitland-Newcastle (CSO) supports the wearing of a school uniform which promotes a sense of belonging for students and creates a positive identity for the school community. School uniforms also contribute to the personal safety of students by allowing easier recognition of students inside the school and in the community.
- This policy is a “Door to Door” policy. The College expects students to wear the uniform during school hours, while travelling to and from school, and when engaged in school activities out of school hours, unless otherwise advised.
- Parents/Carers who enrol their children at the College have accepted these uniform requirements and make a commitment to support the guidelines for both uniform and appearance. Parents/Carers and students agree to this when signing the Codes of Conduct during the enrolment process.
- All students should have the opportunity to access the full range of school activities, including physical activities, while wearing a school uniform.
- School uniform requirements should consider the diverse nature of a school’s student population.
- Decisions about school uniform requirements must comply with work health and safety and anti-discrimination legislation. The school uniform should promote the health and safety of students by identifying items necessary for particular activities to protect students from injury (for example, items for sun protection or safe footwear).
- The College has a written agreement in place with Ranier Design Group which sets out the terms and conditions and supply arrangements. The College must comply with procurement requirements to have an on-site uniform shop operated by any party.

Implementation

- Guidelines for both the uniform and grooming will be explained to families at meetings, in written correspondence, in the enrolment interview and published on the College website and in Newsletters.
- An Interim College Uniform Advisory Committee consisting of College staff, Catholic Schools Office representative (Parent Liaison & Resources Officer), parents and a contracted visual designer worked collaboratively throughout 2019 with the appointed uniform provider, Ranier Design Group, in designing a functional, fashionable and cost-effective foundation uniform. An evaluation of the uniform will occur as required.
- College Uniforms can be purchased on-line. Periodic fitting times will be organised and published by the College, with other fittings to be arranged by contacting the College Office. A small amount of stock of some restricted garments may be available in emergencies but essentially all purchases are to be made directly online with Ranier Design Group.
- Uniform and appearance checks will occur daily. Persistent breaches will be directed to the relevant Leader of Wellbeing. The College’s response to a student not wearing should be appropriate, fair & consistent. Students who do not comply with expectations without sufficient explanation will be issued with a consequence consistent with the College Wellbeing & Pastoral Care Policy.
- Students consistently out of uniform will be referred to the Assistant Principal or Principal and may face consequences up to and including suspension from school.

- If necessary, for repeated or more serious uniform infringements, a student may be withdrawn from class and parents notified.
- College hats must be worn during specified times when outdoors (as noted below).
- When a student is unable to wear the full school uniform for any reason, parents are requested to provide a signed note of explanation. It would be expected that this would be an extremely rare occurrence and would not exceed one day.
- Families who are struggling financially may apply for assistance in providing a uniform for their child by contacting the Principal or Assistant Principal. To assist families, the College will endeavour to organise a clothing pool once it commences.
- Parents seeking exemptions to the Uniform Dress Code must apply in writing to the Principal. The Principal will make the final decision.
