What to expect on the first day

HANDY HINTS & TIPS

- ☑ Students tend to bring too much equipment to school each day, resulting in unnecessarily heavy bags.
- ☑ Students are encouraged to bring to school each day only the equipment they need for that day's lessons.
- ☑ Timetables will be handed to students on their first day of attendance.
- ☑ We ask parents/carers to organise for students to be dressed in their formal school uniform for their first day.
- ☑ With the introduction of 100-minute learning sessions, our students only need to bring the equipment needed for these learning sessions.
- ☑ Each night, please make sure devices are charged and in good working order.
- ☑ We strongly recommend that each student has a strong protective case, and each device is covered by insurance.

We look forward
to welcoming you
and your family to
the College
